### **A brief interview with...**

**GETT: Mr. Döring, thank you very much for taking the time to give us a short interview.**

### **How long have you been working for GETT?**

Candy Döring: Since July 2017. However, the time has absolutely flown past since then. I started working as the technical quality manager and am now responsible for the complete quality assurance work. As a result, I'm part of the operational management team, which consists of two colleagues and myself. Together, we're responsible for the complete in-house production work and therefore for about 100 employees. [Nicole Luderer](#), is also part of the operational management team and she was the first colleague to be interviewed publicly as part of the #WEAREGETT series.
