

Space-saving. Hygienic. Long-lasting.

The TKG-086 silicone-coated compact keyboard helps create a hygienic working environment. Because of its waterproof and dust-proof surface, it can be thoroughly cleaned and disinfected. It is suitable for use in hygienic environments where space is tight because of its slim dimensions. As part of the InduProof brand family, it is manufactured in line with the highest quality standards. It is comfortable to operate and provides top hygiene

safety levels. The keyboard has 86 keys and is also suitable for prolific writers. The comfort level is similar to an office keyboard. It is available from stock with many different country layouts (DE, US, CH, CZ, FR, IT, SKAN, UK, US/Arabic). We can also customise the keyboard individually at any time – e.g. by affixing your own logo or changing the colour scheme.

- A 3-year warranty
- Slim dimensions
- A pleasant sense of touch
- Suitable for prolific writers
- Long-lasting quality
- Completely dust-proof and waterproof according to IP68
- Thorough cleaning and disinfection with one easy wipe
- Customisation even for small batch numbers

COMPACT WASHABLE KEYBOARD TKG-086

For ideal hygiene in environments
where space is tight.
